How to Order

DEAR FRIENDS:

Greetings from our new Mountain location. We have relocated in this lovely part of our country, the foothills of the Blue Ridge Mountains to enjoy a longer spring and fall season, which will enable us to propagate under the most natural conditions, to bring you the best stock possible to start your Chrysanthemum Garden.

WE HAVE BEEN IMPORTING, growing and listing the H. Shoesmith Ltd. varieties for many years. We would not consider any fall blooming season complete without the excellent display put on by the wide color range and superb quality of these cultivars. We are pleased to announce we have been authorized by H. Shoesmith Ltd. to resell the AVS varieties, the first year of release.

We offer the new AVS varieties the first year of release, under the same restrictions as offered by H. Shoesmith Ltd. which are as follows: Not to sell or otherwise dispose of in any way, (other than the flowers) all AVS — 63 varieties before Dec. 31, 1964. The 1962 AVS & AVWO varieties until Dec. 31, 1963. We cannot ship the above varieties without your signature on the agreement printed on the order blank.

PLEASE ORDER EARLY—Orders are filled in rotation and all orders are acknowledged by card containing an order number. Always mention this number when writing about your order, or when adding to your order.

ALL PRICES ARE FOR ROOTED CUTTINGS—CASH WITH ORDER—NO C.O.D.'S PLEASE.

MINIMUM ORDER \$5.00—WE PAY THE POSTAGE. Because of today's high shipping and handling costs, we have had to establish a \$5.00 minimum order policy. We pay the postage and all orders are sent special handling. For Special Delivery enclose 50 cents.

WEST OF THE MISSISSIPPI, WE ADVISE AIR MAIL. For air mail shipment, please enclose \$1.00 to help defray cost of extra postage. Thank you.

NO DIRECT SALES, PLEASE.—Unfortunately, we're just not set up to do an over-the-counter business, at our nursery.

CUTTINGS ARE SHIPPED FROM FEB. 15TH TO JULY 1. Plants are well labeled and packed, assuring you beautiful, sturdy blooming plants this fall. We will try to ship as close to specified shipping date as possible.

BEST TIME TO PLANT IS LATE AFTERNOON OR EVENING, IN WELL PREPARED SOIL.

DO NOT FERTILIZE AT PLANTING TIME. Fertilize lightly in 10 days to two weeks, after plants have taken hold and are growing.

CATALOG PRICES GOOD UNTIL JULY 1, 1963.

Your Friends,

Ann & Andy Ladygo

1963 marks our twentieth season

This year we are releasing two new Spoons. We hope they will add to your pleasure of growing Chrysanthemums, and brighten your garden. These will make excellent arrangement material. Nice fall colors, too.

\$.50 each

TOM SPENCER—(Ladygo)—Three to four-inch quill petalled spoon of Old Gold colored tubular petals with tiny openings of red at tips of petals. Similar to Aksarben, but brighter with slightly smaller blooms. Hgt. 28 inches and similar width, when grown in border. Earlier than Aksarben here, October 15. Makes excellent sprays, similar to Sunstone Spoon. This one caught Mr. Spencer's eye in our garden this fall.

PERSIMMON SPOON—(Ladygo)—Near our persimmon tree, the color of this one was exactly the color of the fruit on the tree. Orange, aging to a soft pleasing pastel. Three-four inch blooms, flat spoon type like Eva Parch in all respects, including plant growth. Hgt. 28 inches and just as broad if grown in border. A very bright show, with a lot of nice sprays to cut, and arrange. Blooms first week in October and is still pretty at end of season.

University of Nebraska 1963 Releases

\$.50 each

STADIUM QUEEN—The first of a new "Football Series" being released by the University. Very large 5-6 flowers are borne singly on 14 in. stems. Can carry as many as 20 big blooms if well grown. A strong red with a bronze reverse. Try disbudding this one. Blooms Sept. 1 until hard frost.

QUARTERBACK—The second of the "Football Series", a good companion for the above, which it resembles in all but color, which is a rich pink with touches of yellow, and the size is 4-5 inches, if grown in bush form, to about 3-5 per stem. Sept. 1 until hard frost. Strong upright plant in border.

SPACEFLIGHT—A large flowered quill with 5-7 inch flowers. Deep yellow color is overlaid with red-bronze. Heavy textured, long lasting flowers. Plant 30 inches tall and just as wide bearing flowers on long stems, nice for arranging. September and October.

MOONFLIGHT—Another "Space Age" quill with 4-6 inch informal blooms. The long outer rays creamy white deepening to gold at the center. Nice for cutting and arranging. 24 inches tall and 30 wide. Good in border too. Sept. 1 until hard frost.

1963 — *Early Flowering Outdoor Novelties*

Released by H. Shoesmith Lt. of England for 1963 under "Growers Agreement." AVS—63. Agreement on order blank must be signed at time of ordering, otherwise these particular Novelties cannot be supplied. We are sure you appreciate this need, and request your cooperation. Thank You.

\$1.25 each

These can be grown for show if disbudded, and for border in garden.

AVS 63—JOHN SHOESMITH—A deep red reflex, that does not show any dull-reverse. Similar to Standard-in form—Classification-24a R. Flowering from mid-Sept. from mid-May stop. Hgt. 4 Ft. Larger than Gipsy.

AVS 63—LADY ROSE—A pleasing shade of petunia-rose. Large complete reflex, with wide petals. Classification 24a P. Flowering mid-Sept. from mid-June stop. Hgt. 3 ft. 6 in. Habit—similar to Brenda Talbot. Quite distinct.

AVS 63—LEGACY—Light rose-pink. Large semi-incurving type, for intermediate section. Classification 25a. P. Blooms first week of Sept. from mid-June stop. Hgt. 4 ft. 6 in. Upright plant, small foliage, superior to Gossamer.

AVS 63—PURE WHITE—The whitest white to date. A large reflex. Classification 24 a. W. First week of Sept. from mid-June stop. Hgt. 3 ft. 6 in. For show or garden. Whiter and more refined than Northlight.

AVS 63—SILVER DOME—Pink with silver reverse. Very tightly incurving and we think when covered, this will be a true incurved. Classification: 25 a. P. Flowering mid-Sept. from early June stop. Hgt. 4 ft. Erect plant with small foliage. Larger than John Woolman with superior growth.

AVS 63—SUNNY MAID—A glossing, golden-yellow, very beautiful. Large bold flower of Incurving form. Greatly admired, and promises to be a winner. Class: 25 a. Y. Flowering from mid-Sept. from mid-June stop. Hgt. 4 ft. Vigorous grower, superior show flower, will supersede Barbara Couper, Frank Allerton and Charles Horwood.

1963 — *Indoor Novelties*

\$1.50 each

AVS 63—FIREFLASH—Crimson, Rolled petal reflex similar to Princess Anne. Large. Class: 4 a. R. Stop mid-June for first week of Nov. flowering. Hgt. 4 ft. Good even breaking. For show and cut flower. Will supersede Crimson Lake and Cavalcade.

AVS 63—GOLDMIST—Chrome yellow. Large and incurving, with good formation. Class: 5a. Y. Flowering first week of November from mid-June stop. Hgt. 4 ft. for show and cut flower. Superior grower to Amber Balcombe Perfection. Easier to produce for Nov. show.

AVS 63—ROBERT SHOESMITH—A pure white with glistening sheen. Classified as incurving, but we have no doubt that this will be a world-beater in the true incurved section. Class: 5a. W. Early Nov. from mid-June stop. Hgt. 4 ft. 6 in. A uniform plant, a pleasure to grow. Should become a first class market cut flower. Superior to Ron Shoesmith and Diplomat.

AVS 63—SOFT DAWN—Charming shade of Salmon-pink. Large deeply reflex shape of classical formation. Class: 4a. P. Flowering first week of Nov. from mid-June stop. Hgt. 4 ft. Makes a first class plant. For show or cut. Will supersede Lillian Richford, as it is more uniform in color.

AVS 63—STUART SHOESMITH—Glowing amber-bronze. Massive completely reflexed flower, just the type needed by the keen exhibitor. Class: 4a. L. B. Early Nov. from mid-June stop. Hgt. 4 ft. A joy to grow. Recommended for show only. In our opinion this is one of the best varieties of its type sent out in many years, may supersede the famous Symbol.

AVS 63—SUN VALLEY—A clear yellow. Solid semi-incurving bloom which can be grown as a true incurved. Class: 5a. Y. Flowering early Nov. from a mid-June stop. Hgt. 3 ft. 6 in. Being almost a perfect grower, with no growing-snags. For show or market cut flower. Produces a large number of even shoots. Superior to Ron Shoesmith, and easier to grow than Victor Shoesmith.

Early Flowering Garden Exhibition

Released by H. Shoesmith Ltd. of England
in 1962 under Growers Agreement AVS-62.

PLEASE NOTE.—These should be ordered only with the understanding that the buyer will not sell or otherwise dispose of them before Dec. 31, 1963.

PLEASE SIGN Agreement on the order blank, when ordering any **AVS-62** or **AVWO-62** varieties.

\$.85 each

Average blooming date — Between Mid-Sept. - Mid-Oct.

AVS 62—COMMANDER—Very fine large bright reflexed bronze bloom, weather resistant. Med. height.

AVS 62—ERIC BEDSER—Attractive shade of butterscotch yellow. Can be used for exhibition and decoration. Med. height.

AVS 62—GAYTIME—A seedling from Regalia, carries large reflex, firm textured flowers, in a shade of deep rose which is unique among outdoor types.

AVS 62—JETSTREAM—A finely formed large scarlet red flower. Excellent grower of med. height. A little earlier than Escort.

AVS 62—NEW VISION—Large deeply reflexed flower of red-bronze. Greatly admired while under trial. Fine for exhibition.

AVS 62—RED HUSSAR—Brilliant shade of deep crimson, this large flower has extremely weather resistant petals. Upright of med. height.

AVS 62—SOFTGLOW—Blooms are large pale yellow or ivory, and incurving, similar to Ethel Edmonds. Good all around variety.

AVS 62—SUNSHAFT—A seedling from Westfield Bronze. Similar habit. Produces a deep large yellow bloom. A good one to exhibit.

Singles

\$.85 each

AVWO 62—BUSH FIRE—A bright terra cotta flame colored flower. Neatly laid petals making a beautiful single. Wonderful to cut, and to show.

AVWO 62—EDWIN PAINTER—A shining rich yellow, with amber cast in some sections. Easy to grow, cut or exhibit, also carries a good crop of flowers. An excellent single.

Large Exhibition

\$1.00 each

Released by H. Shoemith — AVS 62

Late Oct. - Early November

AVS 62—STATELY—This is a seedling from Shirley Masterpiece. It carries broad shouldered slightly incurving blooms of pink, with silvery reverse. Vigorous grower, medium height.

AVS 62—APEX—This bloom is large and truly incurved, with hard glistening yellow petals, which make it a good keeper. Good habit, medium height.

AVS 62—TRUEFORM—A large white flower of true incurved formation, similar to Hilda Chinneck. Easy to grow and flowers will keep as long as four weeks.

AVS 62—FIRECRACKER—Large rich crimson flower of intense color, with firm beautifully reflexed petals. Blooms keep well, and do not fade. Vigorous habit.

AVS 62—GOLDEN GALLEON—A seedling from Yellow Marvel. Large rich golden yellow, with incurving hard and glistening petals. Easy to grow, firm stems.

AVS 62—JOY HUGHES—An outstanding variety — stops them all. A massive carnation pink, with fully reflexed rolled petals. Velvety rich quality of petals, enables bloom to hold over 4 weeks after being cut. A must.

AVS 62—NOVEMBER PURPLE—The rich purple color of this flower is needed in the early November shows. The bloom is large and petals deeply reflexed. Healthy and easy to grow, medium height.

AVS 62—PERFECT PICTURE—A grand exhibition variety. Unique bright rosy pink flower has firm deeply reflexed petals. Strong grower of medium height.

AVS 62—STAR PRIZE—Bold incurving bloom of bright medium bronze. Could replace Balcombe Perfection. A pleasing color for fall. Easy to grow, long lasting.

AVS 62—SUNSET GLOW—A wonderful shade of apricot bronze. The form is similar to Princess Anne, but we feel Sunset Glow can be grown considerably larger. A perfect grower of medium height with good stems.

Early English Garden Exhibition

This group will give four to five-inch blooms, grown as border plant or in spray form. Six inches and over if disbudded, to one bloom to each stem. The colors in this group are superb. The quality outstanding. All have been grown and tried in our nursery. Start to bloom in Sept. Outstanding cut flower material. All will bloom in Oct. Average between 10th and 20th of the month.

\$.50 each

3 of one name \$1.00

ALEC BEDSER—Lovely primrose yellow, incurving bloom. Plants have nice habit, good in pots, too.

ALERT—Large heavy textured glowing orange-bronze, popular.

AMY SHOESMITH—Closely incurving bloom of bright clear pink. Exquisite, nice for show.

CAMPFIRE—Bright crimson reflexing flower, that keeps its color, makes a fiery display.

DAINTY LADY—Lively glowing pink, full deep reflex blooms. A must for early show and cut. Very large, and lasting blooms. Sept. 25.

DEREK ELLIS—Incurving blooms of rich purple with silvery reverse.

EDITH SHOESMITH—Large white, perfect incurve. Pure white, long lasting blooms.

GAZELLE—The earliest white, wide petalled incurve. Sturdy plant, for border and cut. Sept. 25.

HENRY SHOESMITH—Perfect wide-petalled incurve of golden yellow. Intense color lasts through the season. A must for early cut and show.

INFERNO—Brilliant orange bronze, spiky-petalled bloom, 5-6 inches across.

INVADER—The darkest red of all. A perfect deep reflex form of outstanding quality, with a royal air. Six-inch blooms you will enjoy.

KATHLEEN DOWARD—Sparkling combination of peach and pink with gold tints. A reflex that is always admired.

MARIAN CARE—Solid incurving flowers of firm texture. Good in border or disbudded, for show.

MOONGLOW—A pale lemon yellow, that warms your heart. Ball shaped blooms of excellent quality. Early compact plant. Sept. 20.

NEW CARDINAL—Brilliant—one of the brightest reds yet. A fiery red, full blooms with good keeping qualities. An eye catcher.

NOREEN—Bright lavender rose color, hard to describe. Rich and glowing. Like a huge dahlia, solid and firm.

PENNANT—Glowing orange-bronze, of incurving formation. Similar to Westfield Bronze.

REGALIA—A vivid rosy wine color, hard to describe, but a favorite here since introduced. Rich and bright, and long lasting.

RON RICHFORD—Loosely incurving wide petalled clear orange. Large blooms strikingly beautiful.

STANDARD—Well named. High in every standard, of bloom perfection. Bright orange, very large reflex. Holding color to the end of the season.

SWANSDOWN—Huge white reflex, with green radiating from center, wide petals forming an exquisite bloom.

TALENT—Crisp bright yellow incurve 4-5 inches across, early and long lasting. Sept 25.

TAPESTRY—This pastel peach, is admired by all who pass by the plant. Large full blooms, lasting through the season.

TOPFORM—Firm incurve of rosy purple, with silver reverse.

THE PEOPLE—Firm incurving blooms of real pink with cream center. Makes a ball shaped bloom, with firm petals.

Rayonnante

Large quilled blooms similar to the spider type. Long straight tubes.

\$.35 each 3 of one color \$.70

Bloom last week in Oct.

PINK RAYONNANTE

SALMON RAYONNANTE

WHITE RAYONNANTE

YELLOW RAYONNANTE

Large Exhibition Varieties

These varieties can be grown for exhibition specimens, six inches or over, if disbudded and grown 1-3 blooms per plant. Can be grown in pots for indoor decoration also. Average blooming dates for these Oct. 25-30.

\$.50 each — Except where noted

- ADVENTURE**—Deepest red incurved globular flower. A new one for show.
- AUDREY SHOESMITH**—Deep rose pink firm incurve. Keeps well.
- ANGELES BELL**—Light Persian rose, large long lasting bloom, early.
- CAVALCADE**—Velvet crimson, full, deep reflex. Good keeper.
- DIPLOMAT**—Large white incurve with waxy firm petals. Good keeper.
- DRAGOON**—Very firm incurving ball shaped dark bronze, gold reverse.
- EMPRESS**—Perfectly incurving white, early Oct. 25.
- FAIR LADY**—Clear pink—like Brenda Talbot, large, wide petalled bloom.
- FIRST SNOW**—Nice large white incurve, good performer, Oct. 20.
- GLAMOUR**—Fully incurved glistening deep yellow. Lovely and large.
- GIANT YELLOW**—Primrose yellow Jap. Type incurve, wide-petalled irreg. Short plant—good for pots, or late border. Early.
- GREEN GODDESS**—Jap. type exhibition of sea green, short grower.
- LOVE SONG**—A light pink turning to almost white but retaining a deep pink center. Large full incurve. Lovely.
- MISS OSAKA**—Solid giant exhibition of real pink, massive bloom.
- HILDA CHINNECK**—Best large cream incurved, stiff waxy petals.
- KEYSTONE**—Apricot bronze incurve, easy to grow.
- LEO**—Rich bright violet color, with a waxy sheen. Tight incurve.
- LINETTE VAISSADE**—Large irreg. Jap. incurve of true pink, Petals swirl.
- LILLIAN SHOESMITH**—Orange bronze flower of tightly incurving formation; a vigorous grower, a good keeper, short plant.
- MAGIC CIRCLE**—Very large full tight waxy petalled golden yellow incurve. Good for pots, too. Oct. 20.
- MAJOR BOWES**—Bright lavender incurve.
- MAYLEN**—Beautiful ivory white stiff waxy incurve. Good keeper.
- MRS. H. E. KIDDER**—Golden yellow incurve.
- MRS. ELSIE PHILLIPS**—Large clear empire yellow, early and long lasting.
- MRS. EDITH TAYLOR**—Lovely soft lavender bloom, of very large size.
- MRS. HERBERT LEGG**—A soft pink of giant size, makes a real show.
- OPORTO**—A bright bronze firm petalled ball-shaped bloom, good keeper.
- SILVER SHEEN**—Shiny white incurve.
- STROMNESS**—Snow white reflexed flower with intriguing central swirl.
- SUNNYSLOPE EMERALD**—Giant exhibition of white with green shading. Lovely.
- SUNNYSLOPE GRANDEUR**—Jap. type huge white incurve, wide loose petals.
- TAIHO PRIDE**—Beautiful shade of orchid pink, large and showy.
- TAKACHIHO**—Richest golden yellow, with clean form. Globe-shaped.
- TOWNTALK**—Crimson scarlet reflex, with gold reverse, wide petals hold up well.

Exhibition Pompons

Can be grown in sprays, but disbudded to one bloom to each stem, will make 2½-inch ball-shaped blooms.

Spoon Petalled Chrysanthemums

These have tubular petals which open at the ends. Lovely all-purpose.

\$.35 each

3 of one name \$.70

EVA PARCH—Bright pink, 3-4-inch single blooms which show a perfect yellow disc. Nice in sprays. Oct. 5.

HANSEL—Very early 3-4 inch spoons of bright rose, nearly red spoons with tubes a silvery contrast. Sept. 20.

INCA—A full double quill, biscuit-shaped blooms of deep yellow. Good compact grower, used in border pot, or disbud, for show. Oct. 30.

KIMIE—Clear yellow large single type spoon, excellent disbud. Oct. 30.

PURPLE SPOON—Bright royal purple 3-inch blooms of flat single type, with yellow disc making a bright contrast. Sept. 25.

RADIANT—Chalk white, very clean, single with several rows of perfect flat tube petals. Nice sprays with 4-inch blooms, larger disbudded. Oct. 10.

REMEMBER ME—Bronze tan tubes, red spoons. Prolific. Oct. 15.

SNOWSPOON—Perfect, white, flat spoon, like a daisy. Showy, dwarf. Sept. 20.

YELLOW SPOON—Bright yellow spoon. A favorite. Oct. 20.

Fertilizer is Important

BE SURE you have done the best for your Mums, which like organic fertilizers — try using Atlas Fish Emulsion at least once during the growing season.

Garden Buttons and Poms

These are the lovely solid buttons and small poms that make up such beautiful corsages and boutonniere. Wonderful for small arrangements, and filling in large bouquets. Compact and can be grown in landscape for color. Bloom mid-October except where noted.

\$.35 each

3 of one name \$.70 — except where noted

BAMBINO—Very dwarf cushion-type plant, tiny ½-inch button, dark purple. Blooms Sept. 25. 50¢ each; 3 for \$1.00.

BRIGHT EYE—One-inch pom of bright yellow, showing red eye.

JANET POM—Dainty shell pink ½-inch button.

LITTLE DORRIT—Pretty light pink and cream. Prolific.

ORANGE POM—Bright orange one-inch pom.

SALMON BOUQUET—A sparkling pastel of salmon and rose. One-inch blooms.

SPUNKY—Dwarf bronzy gold with red eye. One-inch buttons in profusion. A new early addition to this group. 50¢ each; 3 for \$1.00. Sept. 25.

STREAMLINED—Lovely soft fawn shade with darker eye, Tidy 20-inch plant with many nice stems for cutting. Oct. 1. 50¢ each; 3 for \$1.00.

WHITE BOUQUET—Glistening white pompon, one-inch blooms.

YELLOW DOT—Tiny ½-inch button of bright yellow, perfect.

Dwarf or Cushion-Type Chrysanthemums

These have a special place in today's landscape. Can be used for color under low windows, as a hedge along the driveway and patio, or in pots. Makes a bold show of color in September lasting through October.

\$.35 each

3 of one name \$.70 — except where noted

APRICOT ANN LADYGO—Sport of Ann Ladygo, soft apricot all through, 2½-inch bloom with 1¼-inch raised tufted anemone center. 50¢ each.

ANN LADYGO—An anemone flowered cushion of light camellia pink. 2½-inch blooms, with 1¼-inch raised center. Good in pot or border.

CORSAGE CUSHION—A pearly-white 15-inch mound with 2-inch blooms. Lacinated petals, like a carnation. Lovely.

DAN FOLEY—Blazing orange bronze 2-inch poms cover the compact plant brightening the fall landscape.

JANET—Pleasing bright apricot 3-inch blooms. Individual blooms keep coming from August through October. Excellent in northern states.

JERILEE ROBERTS—A darling bright lavender pink mound 10 inches high and 12 inches wide. Starts to bloom early and does not fade.

JOYOUS—A bright rose pink overcast with gold, makes a rich warm display.

LARRY—Fine, heavy-textured pure white, on compact plant. Long lasting.

LEE DICK—A golden yellow pompon on a mound-like plant. Like a carpet.

LIPSTICK—Perfect globe-shaped plant. Bright red.

MAROON CUSHION—Sparkling, deep red; large, flat flowers. Showy for early border or pot plant.

MINNIPINK—Makes a huge mound of bright pink.

PRINCESS KAY—Alabaster white with large three-inch blooms on large compact plant. A favorite.

RAGGEDY ANN—Carnation-flowered bloom of pure white. Nice fluffy show.

RUBY MOUND—Magnificent deep rich red large blooms on perfect mound type plant. Exceptional fine red, does not fade.

TRANQUILLITY—Rounded two-inch blooms of canary yellow on nice rounded plant. Very bright in the border.

WINCHELLS GOLD—Beautiful shiny deep golden yellow 3-inch blooms. Full blooms make a dazzling display.

Hardy Garden Chrysanthemums

A select group of the best of the newer varieties offered in this class, after being tried out in our gardens. Easy to grow — plant them in May and June; pinch once in June and again by July 20 for bushy growth and a wealth of flowers. Keep plants down to six inches above ground until mid-July, and you will not have to stake them. Fertilize mid-August, keep soil loose and pliable, and you will enjoy a real show in September and October.

\$.35 each

3 of one name \$.70 — except where noted

ALASKA—Earliest white incurve, short, good for pots and border, Sept. 15.

ALERT—Bright deep purple, rich and lively. Mid-Sept. on.

APACHE—Bright brick-red cactus type blooms 4-5 inches across. Nice compact plant for border, and cut.

ANNA KOLLER—Bright rose pink and lavender, heavy textured 3-4 inch blossoms, on sturdy compact plant. Brighten border from Sept. 15 on.

ANTOINETTE LADYGO—Dark velvety red, five-inch cactus blossoms, in sprays. Disbudded makes a large irregular reflex, and does not fade. Nice for show. Tall, blooms Oct. 20. 50¢ each; 3 for \$1.00.

ARLENE WOOD—Lovely salmon peach pastel, nice cutting sprays, from plant 28 inches high blooming early October.

AUGUST QUEEN—Large four-inch double of pink and cream, continues to bloom from late August through October. 50¢ each; 3 for \$1.00.

BRONZE ADORABLE—Sport of Adorable. Lively salmon bronze. Sept. 10.

BRONZE GIANT—Imposing bright amber bronze cactus 5-inch blooms. Lavish in its display. Mid-September through October. 50¢ each; 3 for \$1.00.

BRONZE PAT—Clear salmon bronze sport of Pat Lehman.

BUTTERSCOTCH—4-5-inch blooms of a real butterscotch color. Sept. 20.

CAMPAIGNER—Zestful blooms of orange and gold, cactus type petals. Mid-September.

CHAMPAGNE—5-inch cactus type bloom of Ivory shaded pink. Exquisite. A nice one to disbud. 50¢ each; 3 for \$1.00.

CHARLES FERRIS—Fine dark red; 3-inch double for border and sprays.

CIRCUSTIME—Orange-red biscuit-shaped blooms, turning to orange and yellow.

CONFECTION—Rounded three-inch blooms of soft beige and primrose yellow. Erect bushy 2-ft. clump with many blooms for cutting. Late September. 50¢ each; 3 for \$1.00.

CORTIS RICE—Superb—High-centered rich golden yellow, with amber tones. 5-inch ruffled blooms for cutting. Sept. 15. 50¢ each; 3 for \$1.00.

DALE—A four-inch duplex of fushine pink, showing large yellow disc.

ELAINE—Luminous lavender pink with darker center. A lot of flowers to cut.

ELIZABETH KOVER—Four-inch soft, true pink blooms with rolled petals completely cover the medium height plant, lovely. 50¢ each; 3 for \$1.00. Sept. 15.

- FLAME**—Lively, early red to brighten the border in Sept. Good cut also.
- FLAMING PILLAR**—Brilliant showy column of fiery-red; 2½-inch poms.
- FLORENCE NIGHTINGALE**—Large early white shaggy blooms; 4-5 inches. Sept.
- FRED STONE**—Oxblood red duplex, does not fade, excellent disbudded, too.
- FLAMBOYANT**—Blazing tangerine orange. A glowing show of its own, one of the first to bloom.
- GLADIATOR**—Large four-inch double rich orange-bronze blooms. Nice sprays.
- GRACE BRADSHAW**—Purest white, satin smooth. 4-5-inch incurving blooms. Nice disbudded.
- HELEN BOGUE**—Lovely 5-inch rose pink shaggy blooms, with swirled center.
- INDIAN RED**—Copper red 4-inch shaggy blossoms, cover med. hgt. plant.
- JACKIE**—Bright carmine red, full double 2½-inch poms on upright plant.
- JOHN MILBRATH**—Glistening bright yellow 3-inch bloom with incurving petals. Early and long lasting. 50¢ each; 3 for \$1.00.
- KATHERINE PARCH**—Cerise to burgundy wine color, rolled reflex petals. 5-in.
- LAVENDER BUTTON**—Lavender button, with darker center, Prolific cut sprays.
- MASQUERADE**—Glistening lavender rose small poms on short mound type plant. Good for border or pot culture. 18 inches tall.

How to classify your favorite MUMS

We've often had trouble in past seasons because customers weren't familiar with the names used by professional growers to describe their *Chrysanthemum* blooms.

For example, people often order "pompons", expecting to get the blooms called "incurves." When that happens, of course, both we and the customer are unhappy so we thought some drawings of basic mum shapes might help. We wish to thank the Doubleday Publishing Co. for giving us permission to use these drawings of bloom forms contained in "The Complete Book of Chrysanthemums" by Cornelius Ackerson. Original drawings were made by Miss Allianora Rosse, staff illustrator for "Flower Grower".
